

Mahindra Automotive Ltd., Chakan launches A World in Motion (AWIM) programme at Pune

*Pimpri, Pune 7th & 8th July 2008 – Mahindra Automotive Ltd, Chakan Project launched AWIM programme for selected schools at Pune. The highlights of the programme included 2 days special training programme for company volunteer and selected teachers from the schools located in the PCMC & Chakan limits by special faculty headed by **Mr. Selvamani & Mr. Shanmugam from SAEINDIA, Chennai**. The training session was attended by 20 volunteers comprising school teachers & company officers. The programme was inaugurated by Mr. Sohan Maine (Vice President – Chakan Project) in a brief ceremony. The training session witnessed great enthusiasm on part of trainees while going through the new concept in imparting training, which was based more on application and less on theory in a simple scientific language. All the models produced by participating teams had shown ingenuity and application whereby the competition was fierce and rewarding. The models displayed were appreciated by the Mr. Sohan Maine during his brief concluding ceremony. **Best wishes to the team for taking the programme ahead.** Certain Moments captured during the training programme are as below.*

Mr. Sohan Maine inaugurating the training session during the launch of AWIM programme at Pune

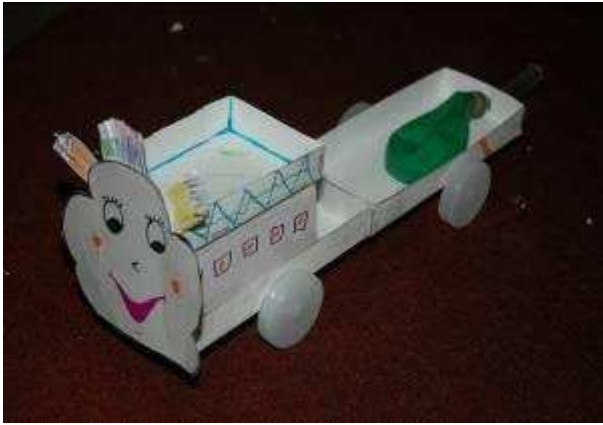

Mr. Selvamani (faculty) SAE India, Chennai giving an overview on the training session
