

Activities and Achievements during the year: 2005 – 2006

- A college level solid modeling competition called “ADROIT”
- Industrial visits & training for around 100 members at Ashok Leyland, Automotive Axles, Triton Valves, Rane Madras & many more
- An annual technical fest called “XTSAE” was organized with events like:
 - Grease Monkeys – An assembly contest
 - Worst Case Scenario – Automobile challenge
 - CAD Quest, Automotive Quiz etc
- Technical Talks on Aerodynamics, Aero modeling, Emission & various other topics
- A flying demonstration on Aero models & RC Air Planes
- Members took part in the “CONTINUOUS IMPROVEMENT PROGRAM” organized by the CII at Automotive Axles
- A team from SAE@NIE won the second place in a innovative design competition organized by Schneider Electric
- A team from SAE@NIE won the second place in CAD contest at MVSR College of Engineering in Hyderabad

Activities planned in the coming year: 2006 – 2007

- Junkyard Wars – An event in which innovation is to be achieved by the use of usual scrap
- Group Presentation & Discussion
- A Design Competition
- An intercollegiate workshop & competition on crafting gliders
- A chuck glider building & flying competition
- Presentations every week on various topics by the members
- A Bike Expo featuring Super Bikes & first hand expertise to be imparted by the experts in the field
- An expo of basic mechanics & models for school children
- Members are to work on a broken down car, get it up & running, modify & tune it for optimum performance
- Technical talks, industrial orientation programs
- A state level annual tech fest with new events

Most Innovative Activity planned in the year: 2006 – 2007

The Bike Expo

- We plan to show case few of the world's most powerful bikes
- Provide info regarding the latest trends, technologies being incorporated in the everyday bikes
- Basics of the working of a bike to be imparted by the automobile pundits & the members of the SAE@NIE to school & college students
- Trouble shooting tips regarding a bike
- Traffic Awareness & Safe driving tips

What makes it Unique?????

This is a one of its kind event involving the school & college students with SAE@NIE, providing knowledge, invoking the interest of automobiles in them.
